- Meet with your family or household members.

- Identify responsibilities for each member of your household and plan to work together as a team.
- If a family member is in the military, plan how you would respond if they were deployed.

Plan what to do in case you are separated during an emergency

- Choose two places to meet:
 - Right outside your home in case of a sudden emergency, such as a fire
 - Outside your neighborhood, in case you cannot return home or are asked to evacuate
- Choose an out-of-area emergency contact.

Plan what to do if you have to evacuate

- Decide where you would go and what route you would take to get there. You may choose to go to a hotel/motel, stay with friends or relatives in a safe location or go to an evacuation shelter if necessary, airport.
- Practice evacuating your home twice a year. Drive your planned evacuation route and plot alternate routes on your map in case roads are impassable.
- Plan ahead for your pets. Keep a phone list of pet-friendly hotels/motels and animal shelters that are along your evacuation routes.
